

Team Manager

Green Innovation meets performance

Our Project

Formula Electric Belgium is a team of engineering students who build a **Formula-Student** racecar to compete in international competitions. We design and build a brand-new car every year and compete with other teams in multiple worldwide competitions during the summer months. Formula Student is by far the biggest **engineering competition** in the world and continues to grow. From next year on, we will be competing in both the **electrical** and **driverless** competition. You can join the project during one or two years by applying for the '**Postgraduate in Innovation and Entrepreneurship in Engineering**'.

Tasks

The team manager is the **communication** channel between the team and the university and coaches and is responsible for communication with several **important partners**.

You **organise** team meetings to get the team updated and have final responsibility for the **financial planning** of the team. Legal and organisational documents will pass by you for approval and will then be discussed with team coaches.

Profile

- Organised
- Knowledge of financial systems
- Interest in legal systems
- Communicative

Returns

- A unique engineering experience
- Developing your hard- and soft-skills in a company-like environment
- Work with the newest technologies and innovative companies
- Work in a team with a network of well over 120 partners
- A summer season packed with competitions all over Europe
- An experience of a life-time!

Up for the challenge?
