

# Graphic Design

## Green Innovation meets performance

### Our Project

---

Formula Electric Belgium is a team of engineering students who build a **Formula-Student racecar** to compete in international competitions. We design and build a brand-new car every year and compete with other teams in multiple worldwide competitions during the summer months. Formula Student is by far the biggest **engineering competition** in the world and continues to grow. From next year on, we will be competing in both the **electrical** and **driverless** competition. You can join the project as a volunteer. This allows you to contribute to the next race car whilst keeping a flexible schedule.

### Tasks

---

As part of the Graphic Design department you need to have some imagination. there are some major tasks:

- **Design of the car**
- **Render movie**
- **Logo for new name**

In addition to these tasks you will make some affiches, flyers and make photos to use on the site.

### Profile

---

- **Great imagination**
- **Experience or interest in adobe software (photoshop, illustrator, indesign,...)**
- **Experience or interest in Keyshot**

### Returns

---

- **A unique engineering experience**
- **Developing your hard- and soft-skills in a company-like environment**
- **Work with the newest technologies and innovative companies**
- **Work in a team with a network of well over 120 partners**
- **A summer season packed with competitions all over Europe**
- **An experience of a life-time!**

### Up for the challenge?

---
