

Business Relations

Green Innovation meets performance

Our Project

Formula Electric Belgium is a team of engineering students who build a **Formula-Student racecar** to compete in international competitions. We design and build a brand-new car every year and compete with other teams in multiple worldwide competitions during the summer months. Formula Student is by far the biggest **engineering competition** in the world and continues to grow. From next year on, we will be competing in both the **electrical** and **driverless** competition. You can join the project during one or two years by applying for the '**Postgraduate in Innovation and Entrepreneurship in Engineering**'.

Tasks

As a member of the Business Relations team, you play a crucial role in shaping the team's external perception. You'll identify and establish crucial partnerships to boost visibility and financial support.

Cultivate strong relationships with **sponsors**, partners, and stakeholders, promoting mutual growth. Craft compelling sponsorship proposals that showcase unique opportunities in the electric vehicle and motorsport industry.

Collaborate seamlessly within the team to execute sponsor-related activities during **events**. Work closely on budget creation and management, ensuring maximum revenue from sponsorship agreements.

Profile

- Strategic Thinker
- Effective Communicator
- Good time management
- Initiative and Drive

Returns

- A unique engineering experience
- Developing your hard- and soft-skills in a company-like environment
- Work with the newest technologies and innovative companies
- Work in a team with a network of well over 120 partners
- A summer season packed with competitions all over Europe
- An experience of a life-time!
