

Team Manager

Green Innovation meets performance

Our Project

Formula Electric Belgium is a team of engineering students who build a **Formula-Student racecar** to compete in international competitions. We design and build a brand-new car every year and compete with other teams in multiple worldwide competitions during the summer months. Formula Student is by far the biggest **engineering competition** in the world and continues to grow. From next year on, we will be competing in both the **electrical** and **driverless** competition. You can join the project during one or two years by applying for the '**Postgraduate in Innovation and Entrepreneurship in Engineering**'.

Tasks

As the Team Manager you play a **pivotal role in leading** and coördinating all aspects of our team's operations. You will oversee team members, **mangage project timelines, liaise with sponsors** and stakeholders and keep track of the budgetting.

You organise team meeting, to **keep the team** updated and **working efficiently**. Furthermore you have the final responsibility for the **financial planning** of the team, and oversee the logistics and **coördination** for the different competitions.

Profile

- Good at planning
- Organised
- Strong communicator
- Financial knowledge

Returns

- A unique engineering experience
- Developing your hard- and soft-skills in a company-like environment
- Developing better organisational, management and public speaking/pitching skills
- Work with the newest technologies and innovative companies
- Work in a team with a network of well over 120 partners
- A summer season packed with competitions all over Europe
