

# Management Chief Business

## Green innovation meets performance

### Our Project

---

Formula Electric Belgium is a student-based race team that pushes green innovation to performance. We design and build our own electric race car each year to participate in international Formula Student competitions. We are looking for pioneers to challenge the status quo and bring our top-notch electric race car to the next level. As a postgraduate student, you will research, design, and test your systems together with a group of highly motivated students. You will innovate together with your team members and numerous companies to develop our next generation formula student race car.

### Function

---

As Chief of Business, you are the **driving force** behind the business team. You play a key role in **overseeing and managing all business activities**, leading the business team and **ensuring efficient collaboration** with other departments.

You are part of the management for the whole team and the representative of the business department. Your responsibilities include strategic planning, event organising, sponsor acquisition and maintaining suitable relationships with our partners.

### Profile

---

- Strong management & leadership skills
- Exceptional communication
- Pro-active problem solver
- Organizational skills

### Returns

---

- A unique engineering experience
- Developing your hard- and soft-skills in a company-like environment
- Work with the newest technologies and innovative companies
- Work in a team with a network of well over 120 partners
- A summer season packed with competitions all over Europe
- An experience of a life-time!

### Up for the challenge?

---
