

Business Financial Manager

Green innovation meets performance

Our Project

Formula Electric Belgium is a student-based race team that pushes green innovation to performance. We design and build our own electric race car each year to participate in international Formula Student competitions. We are looking for pioneers to challenge the status quo and bring our top-notch electric race car to the next level. As a postgraduate student, you will research, design, and test your systems together with a group of highly motivated students. You will innovate together with your team members and numerous companies to develop our next generation formula student race car.

Function

As a **Financial Manager**, you play a pivotal role in ensuring the team's financial sustainability and operational success, directly influencing our ability to innovate and compete in the electric vehicle industry. You'll create and maintain comprehensive budgets, monitor expenditures, and identify cost-saving opportunities to optimize financial planning. By preparing detailed financial reports and forecasts, you'll provide insights into funding needs and team performance, ensuring financial compliance and accurate record-keeping.

Profile

- Interested in finance
- Experience with excel
- Experience with accounting
- Eager to learn

Returns

- A unique engineering experience
- Developing your hard- and soft-skills in a company-like environment
- Work with the newest technologies and innovative companies
- Work in a team with a network of well over 120 partners
- A summer season packed with competitions all over Europe
- An experience of a life-time!

Up for the challenge?
