

# Business Event Manager

## Green innovation meets performance

### Our Project

Formula Electric Belgium is a student-based race team that pushes green innovation to performance. We design and build our own electric race car each year to participate in international Formula Student competitions. We are looking for pioneers to challenge the status quo and bring our top-notch electric race car to the next level. As a postgraduate student, you will research, design, and test your systems together with a group of highly motivated students. You will innovate together with your team members and numerous companies to develop our next generation formula student race car.

### Function

As **Events Manager**, you are responsible for planning and coordinating the team's external events. This includes organizing info events, going to job fairs, and leading the preparation and execution of our annual recap event and rollout.

Our yearly **rollout** event is an **exclusive large-scale event**, where the new car is revealed, with **over 400 guests**, including partners, university staff and family members.

You'll ensure smooth logistics, clear communication, and a professional appearance of the team, while working closely with other departments and partners to deliver engaging and well-organized events.

### Profile

- Experience with managing events
- Strong communication and planning skills
- Creative problem solver
- Passionate about events

### Returns

- A unique engineering experience
- Developing your hard- and soft-skills in a company-like environment
- Work with the newest technologies and innovative companies
- Work in a team with a network of well over 120 partners
- A summer season packed with competitions all over Europe
- An experience of a life-time!

### Up for the challenge?
